Department of Chemistry organizing

On the Occasion of National Science Day

Poster Making Competition

About the Event:

The national science day of India is celebrated across India to commemorate the great contribution of scientists like Sir C. V. Raman. Celebrating the national science day encourage students to learn more about the importance of science and technology in our life. A poster is a temporary promotion of an idea, product, or event put up in a public space.

Objectives:

On the occasion of National Science Day, Science Association organizing Poster Making Competition'

- 1) To spread awareness regarding the innovations of science for sustainable future.
- 2) To provide a platform to the students to showcase their innovative ideas and skill for sustainable future in front of all academia.

Theme of the Event:

- 1) Science and Technology for a Sustainable Future
- 2) Innovations in Green Technology
