Department of Chemistry Organizing

Workshop on Basics of Research Methodology

About the Workshop:

The research methodology workshop for M.Sc. Students is expected to cover the fundamentals of research methodology focusing on theoretical and practical inputs. Specifically, the formulation of research problem, research hypothesis and testing of hypothesis, conducting literature review, data collection methods, selection of appropriate parametric or non-parametric statistical method for analyzing data, and report writing etc.

Objectives:

- 1) To enable the participants, to define research problem, developing an approach to research problem and selection of suitable research design.
- 2) To impart capabilities for formulation and testing of hypothesis based on the nature of research.
- 3) To enable the participants to understand report writing and writing research proposals.
- 4) To make aware the participants about latest trends in discipline specific research.

Venue:- Room.No-205
